RWB 26-27 · "LEPHILLY DREAMS"

WEEK 3 · NOV 2 – NOV 8

MATCHUP ROAST

Matchup 3 is final and it was a bloodbath of bad decisions. **** hung 1,615.00 and put DaddyDunco through a wall by 197.75, DaddyDunco is first in points and 1-2 like a man who bought the whole buffet and got food poisoning, and Wild Metti went 0-9 against the field for the second week running. Genuinely impressive commitment to the bit.

MATCHUP 1 · WON BY 159.75

CLEAN WIN

W EDGELORD 1,356.00

BAM ADEBAYO 228.25 · TYRESE MAXEY 211.00

L KARL-ANTHONY'S CLOWNS 1,196.25

DEVIN BOOKER 195.00 · KARL-ANTHONY TOWNS 170.00

Edgelord is the only 3-0 team in the league and sat **fifth** in points with **1,356.00**, all-play 5-4. Undefeated and mediocre is a hell of a combination: the spreadsheet is winning on vibes and a friendly schedule. The Clowns somehow lost despite Booker and Towns giving them 365.0, because Embiid mustered **78.50** and last week's 168-point Jalen Johnson crashed to **61.50**. Their other nine scorers combined for **831.25** against Edgelord's **916.75**. Lost by **159.75**. The name change from Josh's Finest Team did nothing; the roster is still finest in name only.

NAIL-BITER

W HALIBARN 1,395.75

GIANNIS ANTETOKOUNMPO 262.50 · **LEBRON JAMES** 164.25

L NECK LIKE CHARLIE KIRK 1,383.75

JAYLEN BROWN 232.25 · **JALEN BRUNSON** 170.00

Decided by **12.0**, and Neck should be embarrassed. Nov 5 was the whole game: **68.75** against Halibarn's **161.5**, a 92.75 hole, nearly eight times the final margin. Neck had the fourth-best score of ten and still found a way to lose, with Tatum limping in at **169.0**. Halibarn, formerly Blocked By James, finally got **164.25** out of an actually-unblocked LeBron, and Giannis hit **262.5**. It took both of them to beat a team that spent Nov 5 asleep, and the old Halibarn would have found a way to lose this too.

HELD ON

W SHAQRAMENTO WINGS 1,185.00

SHAI GILGEOUS-ALEXANDER 261.25 · **RUDY GOBERT** 157.00

L WILD METTI 1,128.25

COOPER FLAGG 225.25 · **AUSTIN REAVES** 210.50

Shaqramento won with the eighth-best score of ten and a **13.5** on Nov 5, the lowest non-zero day in the league, which is not so much a day as a medical event. Its reward is its first win of the season, off the lowest score in the league. Wild Metti out-scored it on the final day by **0.25** (166.25 to 166.0) and still lost by 56.75. Metti's top two scored 435.75 to Shaq's 418.25, so the stars showed up and the other ten roster spots filed a complaint: 692.5 against 766.75. Metti is **0-3** and has not beaten anyone, including this team.

MATCHUP 4 · WON BY 197.75

STATEMENT

W **** 1,615.00

VICTOR WEMBANYAMA 297.50 · MILES BRIDGES 218.00

L DADDYDUNCO 1,417.25

NIKOLA JOKIC 237.50 · DONOVAN MITCHELL 216.25

**** scored **1,615.00**, owns the biggest day of the week (**362.25** on Nov 4), and had the best player (Wemby, 297.5), then spent it on DaddyDunco. DaddyDunco scored **1,417.25**, second-best in the league, would have beaten eight of the other nine teams, and still got stuffed into a locker by 197.75. It leads the league in points for at 4,431.50 and is **1-2**. Points are not wins, and this team keeps finding the most expensive way to prove it. Jokic and Mitchell scored 453.75 and it still felt like a hostage video.

MATCHUP 5 · WON BY 200.75

WALKOVER

W FOURTH TIME CUCKY 1,337.00

LUKA DONCIC 250.25 · DENI AVDIJA 190.25

L VISHAL'S SPIRITED TEAM 1,136.25

EVAN MOBLEY 184.75 · CADE CUNNINGHAM 178.25

Cucky's final day was a pathetic **65.5** against Vishal's **239.0** and it still won by 200.75, because it was up 374.25 going into Nov 8 on the back of a **347.25** Nov 6. It got lucky and then collapsed on purpose, a four-time-Cucky tradition. Vishal fielded eight players who scored and finished with the ninth-best score of ten. Evan Mobley's **184.75** as the team's best player is not a leading scorer, it is a cry for help. Pick-86 Vucevic energy all the way down.

THE HARDWARE

PLAYER OF THE WEEK

VICTOR WEMBANYAMA

297.50 points for ****, 35.0 clear of Giannis (262.5). Wemby went off, **** hung 1,615.00, and DaddyDunco got to watch from the floor.

BLOWOUT

CUCKY OVER VISHAL

200.75 points, 3.0 bigger than **** over DaddyDunco (197.75). 200.75 points of pure disrespect, and Cucky ran out of fuel on Nov 8 and still did it. The Nail-biter was Halibarn over Neck by 12.0.

HARD LUCK

DADDYDUNCO

1,417.25 was the second-highest score of the week, all-play 8-1, and it lost by 197.75 anyway. First in the league in points for and 1-2. That is not bad luck, that is a curse the team paid for.

SCHEDULE GODS

SHAQRAMENTO WINGS

Eighth-best score of ten, all-play 2-7, and a win. It owes the league a thank-you card to Wild Metti, the only team on the schedule it could beat.

BIGGEST DAY

****

362.25 on Nov 4, the biggest single day in the league. 9.25 more than Halibarn's 353.0, the second-biggest day. Both teams peaked on Nov 4. One of them is 9-0 in all-play and the other won by 12.0.

FLOOR OF THE WEEK

WILD METTI

Lowest score in the league at 1,128.25, all-play 0-9 for the second straight week, 0-3 on the season. This is no longer bad luck. This is a business model.
